Subject: Bayou Corne Schedule

Spoke with Sherman. He said there is no damage at the site, water level is approximately the same level as last week, and they have resumed drilling. State police did not remobilize their people or command post, have moved on to more exciting pastures. Robert is writing up a status report and will include a few photos. I've attached the schedule and phone numbers of personnel. There are a couple of shifts left, should have those covered by Tuesday, or let one of the guys work a double.

I'll make sure they cc you all on the situation reports forwarded to LDEQ.

David
